chart attack with HMV

all format top 10

1 ✪ Virtual Pool
■ Interplay ■ PC CD-ROM
Interplay storms into the top of the charts with an excellent pool simulator, the game's piece de resistance being its inventive control method, which is totally realistic!

2 ▼ Theme Park
■ EA ■ Amiga Jag/3DO/PC/MD
What more can we say about this game from the Mighty Frogs, only that the Mega Drive version is an excellent conversion of a quite brilliant game.

3 ▼ Full Throttle
■ Virgin ■ PC CD
The LucasArts adventure that follows the trials and tribulations of Ben the Biker and the complete solution can be found on page 86.

4 ▼ Super International Cricket
■ Nintendo ■ SNES
And finally they have released a cricket game on the SNES! Any good? See page 54!

5 ▼ Rugby World Cup
■ EA ■ MD
Well England might have lost to the All Blacks but the World Cup has still managed to boost sales of this top game.

6 ▲ Brian Lara
■ Codemasters ■ MD
An accurate cricket sim that is surprisingly playable and we particularly like the large sprites!

7 ✪ Ultimate Soccer Manager
■ Daze ■ Amiga
One of the finest footie management sims yet seen, and you can begin the game with Premier League side!

8 ▼ Flight Unlimited
■ Virgin ■ PC CD
The flight simulation for people who don't like flight sims. Loads of different planes to fly and great fun too.

9 ▼ Disc World
■ Psygnosis ■ PC CD
The Psygies star-packed, and rather brilliant too, adventure that's based on the Pratchett novels of the same name.

10 ▼ Dark Forces
■ Virgin ■ PC CD-ROM
Not as much blood as Doom, but in the same genre and lots of Star Wars types shooting at you!

HMV *I remember when it was all just fields round here and when the likes of Rainbow Islands and Chase HQ were at the top of the charts, but now those days are gone (and so are Bucks Fizz – thankfully)...*
